

STRATEGIC PARTNERSHIP ANNOUNCEMENT: INTRA MARE GROUP & SEACREST SOLUTIONS

We are excited to announce a strategic partnership between Intra Mare Group and SeaCrest Solutions, uniting our expertise to introduce next-generation Chinese technologies in decarbonization, gas handling, and alternative fuels—driving the maritime industry toward a more sustainable and efficient future.

With a proven track record in hundreds of newbuilding projects, Intra Mare Group has established itself as a trusted provider of cutting-edge maritime solutions, delivering innovation and reliability to shipowners and industry leaders worldwide.

SeaCrest Solutions, with its in-depth knowledge of Chinese technological advancements and strong presence in China, acts as a crucial bridge—connecting pioneering Chinese innovations with the evolving needs of the global shipping market.

OUR SHARED COMMITMENT

- ✓ Advancing Decarbonization—Delivering solutions that support industry-wide emissions reduction goals
- ✓ Optimizing Gas Handling—Enhancing safety, efficiency, and regulatory compliance
- ✓ Accelerating Alternative Fuel Integration—Facilitating the transition to sustainable energy sources

This partnership is more than just a collaboration—it is a strategic step toward shaping the future of maritime technology.

By combining our technical expertise, market insights, and commitment to innovation, we aim to set new industry benchmarks and empower shipowners with the tools needed to navigate regulatory challenges and achieve long-term sustainability.

Together, Intra Mare Group and SeaCrest Solutions are at the forefront of industry transformation, pioneering technologies that are expected to redefine the maritime landscape.

📺 Stay tuned for more updates as we embark on this exciting journey!
